## **HomeConnect Announces General Manager**

Bridgeville, PA-March 25, 2004 - Greyfox Utility Services, LLC, dba HomeConnect, an organization that eases the burden of moving for new homeowners by coordinating the installation of all utility, telephone and video services, has announced the hiring of Rick Metzinger as General Manager.

Mr. Metzinger is responsible for all aspects of the newly formed company. Rick is a results driven management executive with multi-faceted development and operations experience.

Rick was previously the Vice President of Business Development for Cable Express, Inc where he developed strategic plans for geographic growth, opening new offices in Charlotte and Winston-Salem NC, Columbia and Myrtle Beach SC, Orlando, FL, and Atlanta, GA. Through effective marketing, sales, and operations management, Rick was able to increase overall company revenue substantially.

Rick has over 24 years experience in the cable industry. Before joining Cable Express he spent eight years with Baker Installations. Rick attended Youngstown State University.

“Rick brings experience, vision and an innate ability to execute on business strategy and we are excited to have him join the Greyfox team.” states John Piazza, President of Greyfox Services and HomeConnect.

*About HomeConnect*

HomeConnect eliminates one of the largest irritations of new homeowners: the connection of telephone, Internet, video and utility services. HomeConnect is marketed through builders nationwide. The services eliminates the frustration of moving and provides a single source of information for the installation of all utilities including gas, electric, telephone, video, security services and Internet.

HomeConnect launched October 1 in Columbus, Ohio and Southeastern Pennsylvania. The company plans to rapidly expand offerings in Virginia, Texas, Florida and Maryland in the coming months.

More information may be found at [www.homeconnect.info](http://www.homeconnect.info).
